SHELTERING ARMS SENIOR SERVICES – HOME CARE SERVICES

I. Caregiver - Personal Assistance Service

Sheltering Arms provides home care service at your residence or at an assisted living facility. Service hours range from a minimum of 3 hours to 24 hours of service. Scheduling is available from 1-7 days a week as needed. Personalized services make independent living or older adults more comfortable and enjoyable. Supportive home management or personal care tasks are provided by carefully-screened and highly qualified home care assistants.

II. Hospital Sitter Service

Services are available for short-term or long-term periods. Hospital sitters can run errands and summon the charge nurse in an emergency. Sitter service gives you peace of mind knowing that your loved one has company during their hospital stay.

III. Post Hospital Personal Care Service

When released from the hospital, an injury or illness may hinder your ability to perform personal care tasks such as bathing, dressing, grooming, eating or driving. Our highly qualified personal care assistants can attend to your personal needs at home as you recuperate. Plan ahead if you have scheduled procedures such as shoulder surgery, hip replacement surgery, and eye surgery or chemo/radiation therapy.

IV. Geriatric Care Management and Consultation

Services include consultation and a personal plan to address caregiver needs, care options, an in-home safety review and client monitoring to address on-going needs.

V. Hospice Support Service

Many of our clients utilize hospice services providing skilled nursing services (RN's and LVN's). Sheltering Arms Personal Home Care service is a compliment to hospice service providing continuous care and providing respite for loved ones. Services range from 3 -24 hours.
